FOR IMMEDIATE RELEASE

## **Guaranteed Acceptance with a New York Publisher Means Dog Guardians Can Feed Their Dogs without Fear**

*Glenn Dietzel, author and infopreneur guru, demonstrates to fast write a money-making book in less than 12 hours and build a business focused on multiple streams of income.*

Books published by New York publishing houses tend to garner a higher degree of respect than those published outside of the Big Apple. Authors with New York books often find it easier to get media attention than those using other methods, such as small presses or print-on-demand publishers. But first-time authors may find it nearly impossible to get the attention of the big houses, even when their message saves lives.

Unfortunately, The road from completed book manuscript to publication through traditional channels is a long one with numerous challenges. A first-time author must first create a formal book proposal which will take weeks of work. Next, the writer goes through the process of submitting it to publishers and/or agents.

According to David Hancock, CEO of Morgan James Publishing, it takes the average person 100 formal book proposal submissions only to get a publisher to say 'no'. Many submissions go unanswered, and many publishers disallow simultaneous submissions, increasing the time it takes for a book to get into print. An author with a life-saving message cannot wait years for the book to find its way into print, but there is another option that gives authors guaranteed acceptance with a New York Publisher...

Sandra Bailey, author of *Real Dogs Don't Eat Kibble*, first book in the *Naturally healthy Dog Series*, has a passion for dogs. Her book teaches dog guardians exactly how to prepare healthy meals for their canine companions using the raw diet. The recent pet food recalls have brought added urgency to Bailey's message.

Bailey invested in a complete authoring and business development system with guaranteed acceptance by a books in bookstores New York Publisher. Entrepreneurial publishing offers the advantages of a New York Publisher without the drawbacks. The Entrepreneurial Authoring Program and individual mentoring taught her how to create the world's best lead generator for her business—a book.
